4.7.1. If Findmyshift intends to instruct Subprocessors other than the companies listed in Annex 4, Findmyshift will notify the Customer thereof in writing (email to the email address(es) on record in Findmyshift's account information for Customer is sufficient) and will give the Customer the opportunity to object to the engagement of the new Subprocessors within 30 days after being notified. The objection must be based on reasonable grounds (e.g. if the Customer proves that significant risks for the protection of its Personal Data exist at the Subprocessor). If Findmyshift and Customer are unable to resolve such objection, either party may terminate the Agreement by providing written notice to the other party. Customer shall receive a refund of any prepaid but unused fees for the period following the effective date of termination.

4.7.2. When instructing Subprocessors other than the companies listed in Annex 4, and before that Subprocessor first Processes Customer Personal Data, Findmyshift agrees to carry out adequate due diligence to ensure that the Subprocessor is capable of providing the level of protection for Personal Data required by the Agreement.

4.7.3. Where Findmyshift engages Subprocessors, Findmyshift will enter into a contract with the Subprocessor that imposes on the Subprocessor the same obligations that apply to Findmyshift under this DPA. Where the Subprocessor fails to fulfil its data protection obligations, Findmyshift will remain liable to the Customer for the performance of such Subprocessors obligations.

4.7.4. Where a Subprocessor is engaged, the Customer must be granted the right to monitor and inspect the Subprocessor's activities in accordance with this DPA and Data Protection Laws, including to obtain information from Findmyshift, upon written request, on the substance of the contract and the implementation of the data protection obligations under the sub-Processing contract, where necessary by inspecting the relevant contract documents.

4.7.5. The provisions of this Section 4.6 shall mutually apply if Findmyshift engages a Subprocessor in a country outside the European Economic Area (“EEA”) not recognised by the European Commission as providing an adequate level of protection for personal data. If, in the performance of this DPA, Findmyshift transfers any Personal Data to a sub-processor located outside of the EEA, Findmyshift shall, in advance of any such transfer, ensure that a legal mechanism to achieve adequacy in respect of that processing is in place.

4.8. Data Transfers

Customer acknowledges and agrees that, in connection with the performance of the services under the Agreement, Personal Data will be transferred to Findmyshift in the EEA. Parties will not engage in Restricted Transfers. Should Personal Data be transferred outside the EEA to any country not recognised by the European Commission as providing an adequate level of protection for Personal Data (as described in Data Protection Laws), Parties will ensure that a legal mechanism to achieve adequacy is in place. Annex 1 of the present DPA provides Standard Contractual Clauses to that effect, which will apply with respect to Personal Data that is transferred outside the EEA, either directly or via onward transfer to any country not recognised by the European Commission as providing an adequate level of protection for Personal Data.

4.9. Deletion or Retrieval of Personal Data

Other than to the extent required to comply with Data Protection Laws, following instruction from the Customer;

4.9.1. Findmyshift will delete all Personal Data (including copies thereof) processed pursuant to this DPA. If Findmyshift is unable to delete Personal Data for technical or other reasons, Findmyshift will apply measures to ensure that Personal Data is blocked from any further Processing.

4.9.2. Customer shall, upon termination or expiration of the Agreement and by way of issuing an Instruction, stipulate, within a period of time set by Findmyshift, the reasonable measures to return data or to delete stored data. Any additional cost arising in connection with the return or deletion of Personal Data after the termination or expiration of the Agreement shall be borne by Customer.

5. Audits

5.1. Without prejudice to Sections 5.2 to 5.6, Customer may, prior to the commencement of Processing, and at regular intervals thereafter, audit the technical and organisational measures taken by Findmyshift. For such purpose, Customer may, e.g.,

5.1.1. obtain all information necessary to demonstrate compliance with this DPA from Findmyshift,

5.1.2. request Findmyshift to submit to Customer an existing attestation or certificate by an independent professional expert.

5.2. Customers who can identify and show legitimate concerns as to Findmyshift’s compliance with Data Protection Laws, may, upon reasonable and timely advance agreement, without interrupting Findmyshift’s business operations, order an (on-site) audit or inspection of Findmyshift’s business operations. Findmyshift may refuse such a request if it considers the request to be disproportionate or unfounded. This audit or inspection shall be conducted by a qualified third party auditor. Customer shall reimburse Findmyshift for any time expended for audits at the Findmyshift’s then-current rates, which shall be made available to

Customer upon request. Before the commencement of any (on-site) audit or inspection, Customer and Findmyshift shall mutually agree upon the scope, timing, and duration of the audit in a separate Annex to this DPA (Annex 5), in addition to the reimbursement rate for which Customer shall be responsible. All reimbursement rates shall be reasonable, taking into account the resources expended by Findmyshift.

- 5.3. The previous Section also applies if Customer is required or requested to carry out an audit or inspection by Data Protection Laws, a data protection supervisory authority or any similar regulatory authority responsible for the enforcement of Data Protection Laws in any country or territory, provided that the Customer ordering an audit or inspection has identified the relevant requirement or request in its notice to Findmyshift of the audit or inspection.
- 5.4. Customer may only mandate an auditor for the purposes of Section 5.1.3 if the auditor is identified in the list set out in Annex 5 to this DPA, as that list is amended by agreement between the Parties in writing from time to time. Findmyshift shall not unreasonably withhold or delay agreement to the addition of a new auditor to that list.
- 5.5. Customer need not give access to its premises for the purposes of an audit or inspection under Section 5.2:
 - 5.5.1. to any individual unless he or she produces reasonable evidence of identity and authority;
 - 5.5.2. outside regular business hours adopted by Findmyshift; and
 - 5.5.3. for the purposes of more than [one] audit or inspection in any [calendar year].
- 5.6. If an audit or inspection exceeds the scope, timing and/or duration of the audit agreed upon by both Parties under Section 5.1.3 and set out in Annex 5, Customer shall compensate Findmyshift for all damages or losses that such excessive audit or inspection may have caused.
- 5.7. Findmyshift shall, upon Customer's written request and within a reasonable period of time, provide Customer with all information necessary for such audit, to the extent that such information is within Findmyshift's control and Findmyshift is not precluded from disclosing it by applicable law, a duty of confidentiality, or any other obligation owed to a third party.
- 5.8. Customer shall, upon completion of any (on-site) audit, promptly notify Findmyshift with information regarding any non-compliance discovered during the audit, and shall use commercially reasonable efforts to address any confirmed non-compliance.

6. General Provisions

6.1. Precedence

- 6.1.1. In case of any conflict, this DPA shall take precedence over the Agreement.
- 6.1.2. Upon the incorporation of this DPA into the Agreement, the parties indicated in Section 7 below (Parties to this DPA) are agreeing to the Standard Contractual Clauses (where and as applicable) and all appendixes attached thereto. In the event of any conflict or inconsistency between this DPA and the Standard Contractual Clauses in Annex 1, the Standard Contractual Clauses shall prevail.

6.5. Prior agreements

If Customer has previously executed a data processing addendum with Findmyshift, this DPA supersedes and replaces such prior Data Processing Addendum.

7. Parties to this DPA

7.1. This DPA is an amendment to and forms part of the Agreement. Upon the incorporation of this DPA into the Agreement Customer and Findmyshift are each a party to this DPA.

7.2. The legal entity agreeing to this DPA as Customer represents that it is authorised to agree to and enter into this DPA for, and is agreeing to this DPA solely on behalf of, the Customer.

The data subject can enforce against the subprocessor this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
4. The parties do not object to a data subject being represented by an association or other body if the data subject so expressly wishes and if permitted by national law.

- e. that it will ensure compliance with the security measures;
- f. that, if the transfer involves special categories of data, the data subject has been informed or will be informed before, or as soon as possible after, the transfer that its data could be transmitted to a third country not providing adequate protection within the meaning of Directive 95/46/EC;
- g. to forward any notification received from the data importer or any subprocessor pursuant to Clause 5(b) and Clause 8(3) to the data protection supervisory authority if the data exporter decides to continue the transfer or to lift the suspension;

- h. to make available to the data subjects upon request a copy of the Clauses, with the exception of Appendix 2, and a summary description of the security measures, as well as a copy of any contract for subprocessing services which has to be made in accordance with the Clauses, unless the Clauses or the contract contain commercial information, in which case it may remove such commercial information;
- i. that, in the event of subprocessing, the processing activity is carried out in accordance with Clause 11 by a subprocessor providing at least the same level of protection for the personal data and the rights of data subject as the data importer under the Clauses; and
- j. that it will ensure compliance with Clause 4(a) to (i).

Clause 5

Obligations of the data importer

The data importer agrees and warrants:

- a. to process the personal data only on behalf of the data exporter and in compliance with its instructions and the Clauses; if it cannot provide such compliance for whatever reasons, it agrees to inform promptly the data exporter of its inability to comply, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;
- b. that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from the data exporter and its obligations under the contract and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations provided by the Clauses, it will promptly notify the change to the data exporter as soon as it is aware, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;
- c. that it has implemented the technical and organisational security measures specified in Appendix 2 before processing the personal data transferred;
- d. that it will promptly notify the data exporter about:
 - i. any legally binding request for disclosure of the personal data by a law enforcement authority unless otherwise prohibited, such as a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation;
 - ii. any accidental or unauthorised access; and
 - iii. any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;
- e. to deal promptly and properly with all inquiries from the data exporter relating to its processing of the personal data subject to the transfer and to abide by the advice of the supervisory authority with regard to the processing of the data transferred;
- f. at the request of the data exporter to submit its data-processing facilities for audit of the processing activities covered by the Clauses which shall be carried out by the data exporter or an inspection body composed of independent members and in possession of the required professional qualifications bound by a duty of confidentiality, selected by the data exporter, where applicable, in agreement with the supervisory authority;
- g. to make available to the data subject upon request a copy of the Clauses, or any existing contract for subprocessing, unless the Clauses or contract contain commercial information, in which case it may remove such commercial information, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures in those cases where the data subject is

- unable to obtain a copy from the data exporter;
- h. that, in the event of subprocessing, it has previously informed the data exporter and obtained its prior written consent;
 - i. that the processing services by the subprocessor will be carried out in accordance with Clause 11;
 - j. to send promptly a copy of any subprocessor agreement it concludes under the Clauses to the data exporter.

Clause 6

Liability

1. The parties agree that any data subject, who has suffered damage as a result of any breach of the obligations referred to in Clause 3 or in Clause 11 by any party or subprocessor is entitled to receive compensation from the data exporter for the damage suffered.
2. If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the data exporter, arising out of a breach by the data importer or his subprocessor of any of their obligations referred to in Clause 3 or in Clause 11, because the data exporter has factually disappeared or ceased to exist in law or has become insolvent, the data importer agrees that the data subject may issue a claim against the data importer as if it were the data exporter, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The data importer may not rely on a breach by a subprocessor of its obligations in order to avoid its own liabilities.
3. If a data subject is not able to bring a claim against the data exporter or the data importer referred to in paragraphs 1 and 2, arising out of a breach by the subprocessor of any of their obligations referred to in Clause 3 or in Clause 11 because both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, the subprocessor agrees that the data subject may issue a claim against the data subprocessor with regard to its own processing operations under the Clauses as if it were the data exporter or the data importer, unless any successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the subprocessor shall be limited to its own processing operations under the Clauses.

Clause 7

Mediation and jurisdiction

1. The data importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the data importer will accept the decision of the data subject:
 - a. to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority;
 - b. to refer the dispute to the courts in the Member State in which the data exporter is established.
2. The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

Clause 8

Cooperation with supervisory authorities

1. The data exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.
2. The parties agree that the supervisory authority has the right to conduct an audit of the data importer, and of any subprocessor, which has the same scope and is subject to the same conditions as would apply to an audit of the data exporter under the applicable data protection law.
3. The data importer shall promptly inform the data exporter about the existence of legislation applicable to it or any subprocessor preventing the conduct of an audit of the data importer, or any subprocessor, pursuant to paragraph 2. In such a case the data exporter shall be entitled to take the measures foreseen in Clause 5(b).

Clause 9

Governing law

The Clauses shall be governed by the law of the Member State in which the data exporter is established.

Clause 10

Variation of the contract

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

Clause 11

Subprocessing

1. The data importer shall not subcontract any of its processing operations performed on behalf of the data exporter under the Clauses without the prior written consent of the data exporter. Where the data importer subcontracts its obligations under the Clauses, with the consent of the data exporter, it shall do so only by way of a written agreement with the subprocessor which imposes the same obligations on the subprocessor as are imposed on the data importer under the Clauses. Where the subprocessor fails to fulfil its data protection obligations under such written agreement the data importer shall remain fully liable to the data exporter for the performance of the subprocessor's obligations under such agreement.
2. The prior written contract between the data importer and the subprocessor shall also provide for a third-party beneficiary clause as laid down in Clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the data exporter or the data importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
3. The provisions relating to data protection aspects for subprocessing of the contract referred to in paragraph 1 shall be governed by

the law of the Member State in which the data exporter is established.

4. The data exporter shall keep a list of subprocessing agreements concluded under the Clauses and notified by the data importer pursuant to Clause 5(j), which shall be updated at least once a year. The list shall be available to the data exporter's data protection supervisory authority.

Clause 12

Obligation after the termination of personal data-processing services

1. The parties agree that on the termination of the provision of data-processing services, the data importer and the subprocessor shall, at the choice of the data exporter, return all the personal data transferred and the copies thereof to the data exporter or shall destroy all the personal data and certify to the data exporter that it has done so, unless legislation imposed upon the data importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the data importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.
2. The data importer and the subprocessor warrant that upon request of the data exporter and/or of the supervisory authority, it will submit its data-processing facilities for an audit of the measures referred to in paragraph 1.
